

## **Cologix Recognized as a 2016 Top 10 Data Center Networking Solution Provider by *Enterprise Networking Magazine***

*Enterprises gain future-proofed data center infrastructure with Cologix backed by expansive network and cloud choice*

**DENVER — May 19, 2016** – [Cologix](#), a leading [network neutral interconnection](#) and [data center](#) provider, joins an elite group of companies that have earned a spot as a “Top 10 Data Center Networking Solution Provider 2016” by *Enterprise Networking Magazine*. Cologix is a North American data center platform, which creates a neutral marketplace for buyers and sellers of IT and network services in emerging markets at the end of the Internet. Connectivity is key to enable this marketplace. Cologix operates some of the most robust network Meet-Me-Rooms in North America as well as Cologix’s Cloud Connect Platform, which enables low latency solutions for end users looking to leverage a hybrid or multi-cloud strategy.

Cologix has brought many of the interconnection options once reserved for data center customers in markets like New York and San Francisco to the many enterprises located in markets like Minneapolis, Columbus and Toronto. “I congratulate Cologix on being recognized on the much coveted Top 10 Data Center Networking Solution Providers 2016 list,” said *Enterprise Networking Magazine* Managing Editor Lena Headey. “We are glad to showcase Cologix this year due to its continuing excellence in delivering top-notch technology driven solutions.”

“We are honored by this acknowledgement of our core strengths serving enterprises of all sizes,” said Cologix CEO and President Grant van Rooyen. “Enterprises are increasingly evaluating colocation options to replace in house data centers and, at the same time, realizing the potential power of future proofing cloud roadmaps with broad choice of providers and low switching costs. We will continue to lead in the markets we serve with access to the core building blocks of these roadmaps, including private on-ramps to leading public clouds, choice of more than 200 best-in-breed cloud service providers and select managed services – all a cross connect away within enterprise-grade data centers.”

### **About Enterprise Networking**

Published from Fremont, California, *Enterprise Networking* is a print magazine that talks about enterprise networking solutions that can redefine the business goals of tomorrow. A

distinguished panel comprising of CEOs, CIOs, IT VPs including Enterprise Networking editorial board finalized the “Top 10 Data Center Networking Solution Providers 2016” in the U.S. and shortlisted the best vendors and consultants. For more info: <http://www.enterprisenetworkingmag.com/>
