Top Connectivity Choices & Colocation in Montreal

Cologix's data centre on Nun's Island offers purpose-built infrastructure and geographic redundancy to downtown. This facilities offers easy access along with robust connectivity via high-count, diverse, scalable fibre and direct access to the Meet-Me-Room (MMR) in Montreal at Cologix's MTL3 facility, located at 1250 Rene-Levesque West. With 10 data centres throughout the city, including Montréal's primary arrier hotel, Cologix offers low latency, direct onramp connections to Amazon Web Services®, Google Cloud Platform, Oracle FastConnect, Microsoft® Azure and IBM Cloud.

Relentless Infrastructure

Cologix offers 100% uptime service level agreements (SLASs) supported by 2N power architecture. This uniquely efficient design facilitates rapid power deployments as well as the ability to dynamically cool equipment specific to the needs of individual cabinets.

Certified & Secure

The data centre technical floor is guarded 24/7 by keycard access and closed-circuit TV (CCTV) systems. The Cologix Montréal facility also can support PCI compliance for our customers.

Why Cologix in Montreal?

As the market leader in Montréal, Cologix offers the most robust, flexible infrastructure and secure, scalable, low-latency connectivity at the digital edge. We operate the largest MMR with access to 100+ carriers from our MTL3 data centre and access to hyperscalers. Customers value the richness of connectivity options along with reliability, upgrades, redundancies and ease of doing business with Cologix.

MTL2 MONTREAL DATA CENTRE
