### Most Connected Building in Downtown Montreal

Cologix operates the largest Meet-Me-Room (MMR) in Montréal's primary carrier hotel, offering 100 unique network service providers. Located at 1250 Rene-Levesque West, MTL3 is in the most connected building in Montreal and home to the core node for the Montréal Internet Exchange (QIX), a key peering point to the internet. With 10 data centres throughout the city, Cologix offers low latency direct onramp connections to hyperscale cloud providers, including Amazon Web Services®, Google Cloud Platform, Oracle FastConnect, Microsoft® Azure and IBM Cloud.

### Relentless Infrastructure

The uniquely efficient design facilitates rapid power deployments and the ability to dynamically cool equipment specific to the needs of individual cabinets, including four UPS generators.

### Certified & Secure

The data centre technical floor is supported 24/7 by on-site technicians, keycard access, a biometric system for private suites, and closed-circuit TV (CCTV) systems. The Cologix Montréal data centre has the following attestation reports: SOC 1, SOC 2, HIPAA and PCI compliant.

### Why Cologix in Montreal?

As the market leader in Montréal, Cologix offers the most robust, flexible infrastructure and secure, scalable, low-latency connectivity at the digital edge. We operate the largest MMR with access to 100+ carriers from our MTL3 data centre and access to hyperscalers. Customers value the richness of connectivity options along with reliability, upgrades, redundancies and ease of doing business with Cologix.
