

About Cologix Inc.

Cologix provides carrier and cloud neutral digital edge and hyperscale edge data centers and services across North America. **One connection** to our platform connects you to the solutions and partners you need.

With a growing portfolio of **next generation facilities** that meet the unique requirements for hyperscale growth and deep connectivity, Cologix offers high speed and ultra low latency connections to fixed, 5G and public cloud networks.

Grow smarter faster

Cologix enables connectivity to robust ecosystems at the digital edge. We are committed to network-neutral interconnection and colocation, giving our customers the power of choice. Connecting to our platform provides your business with 1,800+ solutions and partners to manage your growth.

Cologix Access Marketplace helps customers securely connect to cloud providers with fast, private, highly available self-service connections to the top cloud providers. Connect in minutes with real-time provisioning to AWS Direct Connect, Azure ExpressRoute, IBM Direct Link, Oracle FastConnect, and GCP Interconnect circuits from any Cologix Data Center.

Grow connected faster

Our Meet-Me-Rooms (MMRs) offer massively scalable, direct access to a platform of more than 600+ networks through our strategically located facilities. Let our connected ecosystems power your digital infrastructure transformation.

We provide dedicated, direct access to 300+ cloud service providers plus onramps to all major public cloud providers:

- 29 onramps and growing
- 25+% of all onramps in North America
- 75+% of all onramps in Canada

Grow safer faster

As we meet growing demand for interconnection and geographic diversity, we believe customers are best supported locally. We provide direct access to local teams for strong customer partnerships backed by exceptional operational support and superior customer service.

It demonstrates our commitment to mitigating risks, safeguarding data and continuing to improve our information security management system (ISMS) across our data centers and interconnection services. In addition, our average company uptime is a highly reliable 99.999% across all data centers.

In 2021 Cologix achieved ISO 27001 certification for our information security management system (ISMS). This guarantees that our products and services meet the highest possible security management standards.

Cologix data centers are energy efficient and offer a low carbon footprint. Cologix continues to build for a sustainable future using state-of-the-art green technology to reduce environmental impact.

Customers

Ashburn, VA

ASH1-S: 21673 Beaumeade Circle

- 150 MW of critical power in a 1M SQFT state-of-the-art Scalelogix data center
- 15 data halls
- LEED design construction

Columbus, OH

COL1: 535 Scherers Court
 COL2: 555 Scherers Court
 COL3: 585 Scherers Court
 COL4-S: Worthington Wood Blvd.

- 368K+ SQFT across 4 purpose-built, enterprise-grade facilities, including a Scalelogix hyperscale edge data center at COL4
- Access to 50+ unique networks plus direct connectivity to the Ohio-IX
- Most densely connected interconnection sites in the region

Dallas, TX

DAL 1-3: 1950 N. Stemmons Freeway

- 53K SQFT across 3 facilities, in the Infomart building, Dallas's premier interconnection site
- 55+ unique networks in the Cologix MMR
- Access to the largest number of carriers out of any single building in a 900-miles radius

Jacksonville, FL

JAX1: 421 West Church Street
 JAX2: 4800 Spring Park Road

- 136K SQFT across 2 facilities and 40+ unique networks in the Cologix MMR
- Direct connectivity to the largest subsea cables in the Caribbean and Central and South America
- Category 5 hurricane rated data centers

Lakeland, FL

LAK1: 2850 Interstate Drive

- 105K SQFT facility
- Hardened category 5 rated building, situated at approximately 20 stories or 197 feet above sea level
- Disaster recovery and colocation services

Minneapolis, MN

MIN 1-4: 511 11th Avenue South

- 62K SQFT across 4 facilities
- 85+ unique networks in the Cologix MMR
- Network hub for the upper Midwest and home to the Midwest Internet Cooperative Exchange, MICE

Montréal, QC, Canada

MTL 1-II: Downtown, North Montréal, Nun's Island and Drummondville

- 750K SQFT across 11 enterprise-grade facilities, including 3 Scalelogix hyperscale edge data centers (MTL 8-9-10)
- 100+ unique networks via Cologix controlled carrier hotel at MTL3 as well as carrier annexes at MTL7 and MTL11
- Access to the Montréal Internet Exchange, QIX

New Jersey, NJ

NNJ1: 1719 NJ Route 10, Parsippany
 NNJ2: 9 Wing Drive, Cedar Knolls
 NNJ3: 200 Webro Road, Parsippany
 NNJ4: 16 Wing Drive, Cedar Knolls

- 205K SQFT across 4 facilities
- 75+ unique network providers in the Cologix MMR
- Situated above the Federal Emergency Management Agency 500-year flood plain, safe against hurricanes and nor'easters

Silicon Valley, CA

SVI: 2050 Martin Avenue, Santa Clara

- 84K SQFT enterprise-grade facility; 20 MW
- 15+ unique networks and carriers in the two Cologix MMRs
- Global ecosystem of clouds and networks

Toronto, ON, Canada

TOR1: 151 Front Street West
 TOR2: 905 King Street West
 TOR3: 905 King Street West
 TOR4-S: 105 Clegg Road, Markham
 CLEGG: 105 Clegg Road, Markham

- 150K SQFT across 4 facilities in downtown Toronto, including our Scalelogix data center, TOR4-S
- 160+ unique networks in the Cologix MMR plus home to the Toronto Internet Exchange, TorIX
- Connectivity benefits of 151 Front St. W., access to low latency deep lake marine routes via TOR1 and connectivity to long-haul networks across North America

Vancouver, BC, Canada

VAN1: 555 West Hastings Street
 VAN2: 1050 West Pender Street
 VAN3: 2828 Natal Street
 VAN4: 175 West Cordova Street

- 110K+ SQFT across 4 data centers
- 50+ unique network options plus the Vancouver Internet Exchange, VANIX
- VAN1 is located in Vancouver's primary carrier hotel; VAN2 is 5 blocks away; VAN3 is located in the Harbour Centre with VAN4 close by in Gastown
