

## About Cologix Inc.

Cologix powers digital infrastructure with carrier- and cloud-neutral digital edge and hyperscale edge data centers and services across North America, providing high-density, ultra-low latency solutions for cloud providers, carriers and enterprises. With AI-ready, industry-leading facilities, Cologix offers scalable, flexible and sustainable data center options to help its customers accelerate their business at the digital edge. Our extensive physical and virtual interconnection options enable fast, reliable, self-service provisioning for on-demand connectivity.

### Grow smarter faster

Cologix enables **connectivity to robust ecosystems at the digital edge**. We are committed to network-neutral interconnection and colocation, giving our customers the power of choice. Connecting to our platform provides your business with 1,800+ solutions and partners to manage your growth.

### Grow connected faster

Our Meet-Me-Rooms (MMRs) offer massively scalable, direct access to a platform of **more than 725+ networks** through our strategically located facilities. Let our connected ecosystems power your digital infrastructure transformation.

### Grow safer faster

As we meet growing demand for interconnection and geographic diversity, **we believe customers are best supported locally**. We provide direct access to local teams for strong customer partnerships backed by exceptional operational support and superior customer service.

Our ISO 27001 certification for our information security management system (ISMS) guarantees that our products and services meet the highest possible security management standards. It demonstrates our

**Cologix OneConnect** is a software-defined interconnection service that simplifies and scales connectivity while reducing total network costs. Using Virtual Cross Connections (VXCs), customers **instantly connect to clouds, networks, IT service partners** and their own infrastructure across the Cologix ecosystem. A simple, self-service experience delivers private, on-demand connections in minutes.

We provide dedicated, direct access to 350+ cloud service providers plus onramps to all major public cloud providers. Cologix is the leading provider of onramps in North America with **35+ onramps and growing**.

commitment to mitigating risks, safeguarding data and continuing to improve our information security management system (ISMS) across our data centers and interconnection services. In addition, our average company uptime is a highly reliable 99.999% across all data centers.

Cologix data centers are **energy efficient and offer a low carbon footprint**. Cologix continues to build for a sustainable future using state-of-the-art green technology to reduce environmental impact.

Customers

### Ashburn, VA

ASH1: 21673 Beaumeade Circle

- 120 MW of critical power in a 455K SQFT Scalelogix data center
- LEED design construction

### Calgary, AB

CGY1: 840 7th Avenue SW

- 400 kW in a 3.7K SQFT data center with 1.1K SQFT of office and meeting space
- Region's primary carrier-neutral hotel facility

### Columbus, OH

COL1-3: 535 Scherers Court

COL4: 7500 Alta View

COL5: 6787 Green Meadows Dr

COL7, 8: Johnstown

- 550+K SQFT across 5 purpose-built, enterprise-grade facilities, including a Scalelogix hyperscale edge data center at COL4
- Access to 50+ unique networks
- Most densely connected interconnection sites in the region
- COL5 new AI-ready data center opening in 2026, with COL7 and COL8 in Q2 2027

### Dallas, TX

DAL 1-3: 1950 N. Stemmons Freeway

- 53K SQFT across 3 facilities, in the Infomart building, Dallas's premier interconnection site
- 55+ unique networks in the Cologix Meet-Me-Room (MMR)
- Most densely connected interconnection access to 50+ unique networks

### Des Moines

DSM1: 606 Walnut Street

DSM2: 1205 Technology Parkway,  
Cedar Falls

- Connections to domestic and international markets via Des Moines, Chicago, Omaha and Minneapolis
- Home to the Des Moines Internet Exchange, DesMoinesIX
- 25+ unique networks at DSM1's MMR

### Jacksonville, FL

JAX1: 421 West Church Street

JAX2: 4800 Spring Park Road

- 136K SQFT across 2 facilities and 40+ unique networks in the Cologix MMR
- Direct connectivity to the largest subsea cables in the Caribbean and Central and South America
- Category 5 hurricane rated data centers

### Lakeland, FL

LAK1: 2850 Interstate Drive

- 105K SQFT facility
- Hardened category 5 rated building
- Disaster recovery and colocation services

### Minneapolis, MN

MIN 1-5: 511 11<sup>th</sup> Avenue South

- 71K SQFT across 5 facilities
- 85+ unique networks in the Cologix MMR

### Montréal, QC, Canada

MTL 1-12: Downtown, North Montréal,  
and Drummondville

- Approx. 1M SQFT across 12 enterprise-grade facilities, including 2 Scalelogix hyperscale edge data centers (MTL 8-10)
- 100+ unique networks via Cologix controlled carrier hotel at MTL3 as well as carrier annexes at MTL7 and MTL11

### New Jersey, NJ

NNJ2: 9 Wing Drive, Cedar Knolls

NNJ3: 200 Webro Road, Parsippany

NNJ4: 16 Wing Drive, Cedar Knolls

- 200K SQFT across 3 facilities
- 75+ unique network providers in the Cologix MMR
- Situated above the Federal Emergency Management Agency 500-year flood plain, safe against hurricanes and nor'easters

### Silicon Valley, CA

SVI: 2050 Martin Avenue, Santa Clara

- 84K SQFT enterprise-grade facility; 9 MW
- 15+ unique networks and carriers in the two Cologix MMRs

### Toronto, ON, Canada

TOR1: 151 Front Street West

TOR2, 3: 905 King Street West

TOR4, 5: 105 Clegg Road, Markham

- 150K SQFT across 5 facilities including our Scalelogix data center, TOR4
- 160+ unique networks in the Cologix MMR
- Connectivity benefits of 151 Front St. W., access to low latency deep lake marine routes via TOR1 and connectivity to long-haul networks across North America

### Vancouver, BC, Canada

VAN1, 5: 555 West Hastings Street

VAN2: 1050 West Pender Street

VAN3: 2828 Natal Street

VAN4: 175 West Cordova Street

- 120K SQFT across 5 data centers
- 50+ unique network options plus the Vancouver Internet Exchange, VANIX
- VAN4 adds an additional 3 MW, creating a new Asia-Pacific gateway, connecting Vancouver-based companies to the world. VAN4 is home to several international and trans-Canadian long-haul networks
